YACK TRACKS

Yackandandah Mountain Bike Trail Network

- Approximately 50 km of purpose-built mountain bike single track
- Many trails feature remnants of the region's historic gold mining days
- The typical Yack Track trail features long gentle climbs and fast flowing descents
- Most tracks are rated blue suitable for intermediate level riders
- Shack Track (The Green Loop) is an easy track, suitable for all riders
- Some technical trail features you may encounter include berms and log rolls
- Ride loops are signposted for travel in the best direction for riding fun!
- Coloured arrows signposted along the trail routes make loop navigation easy.

MOUNTAIN BIKE CODE

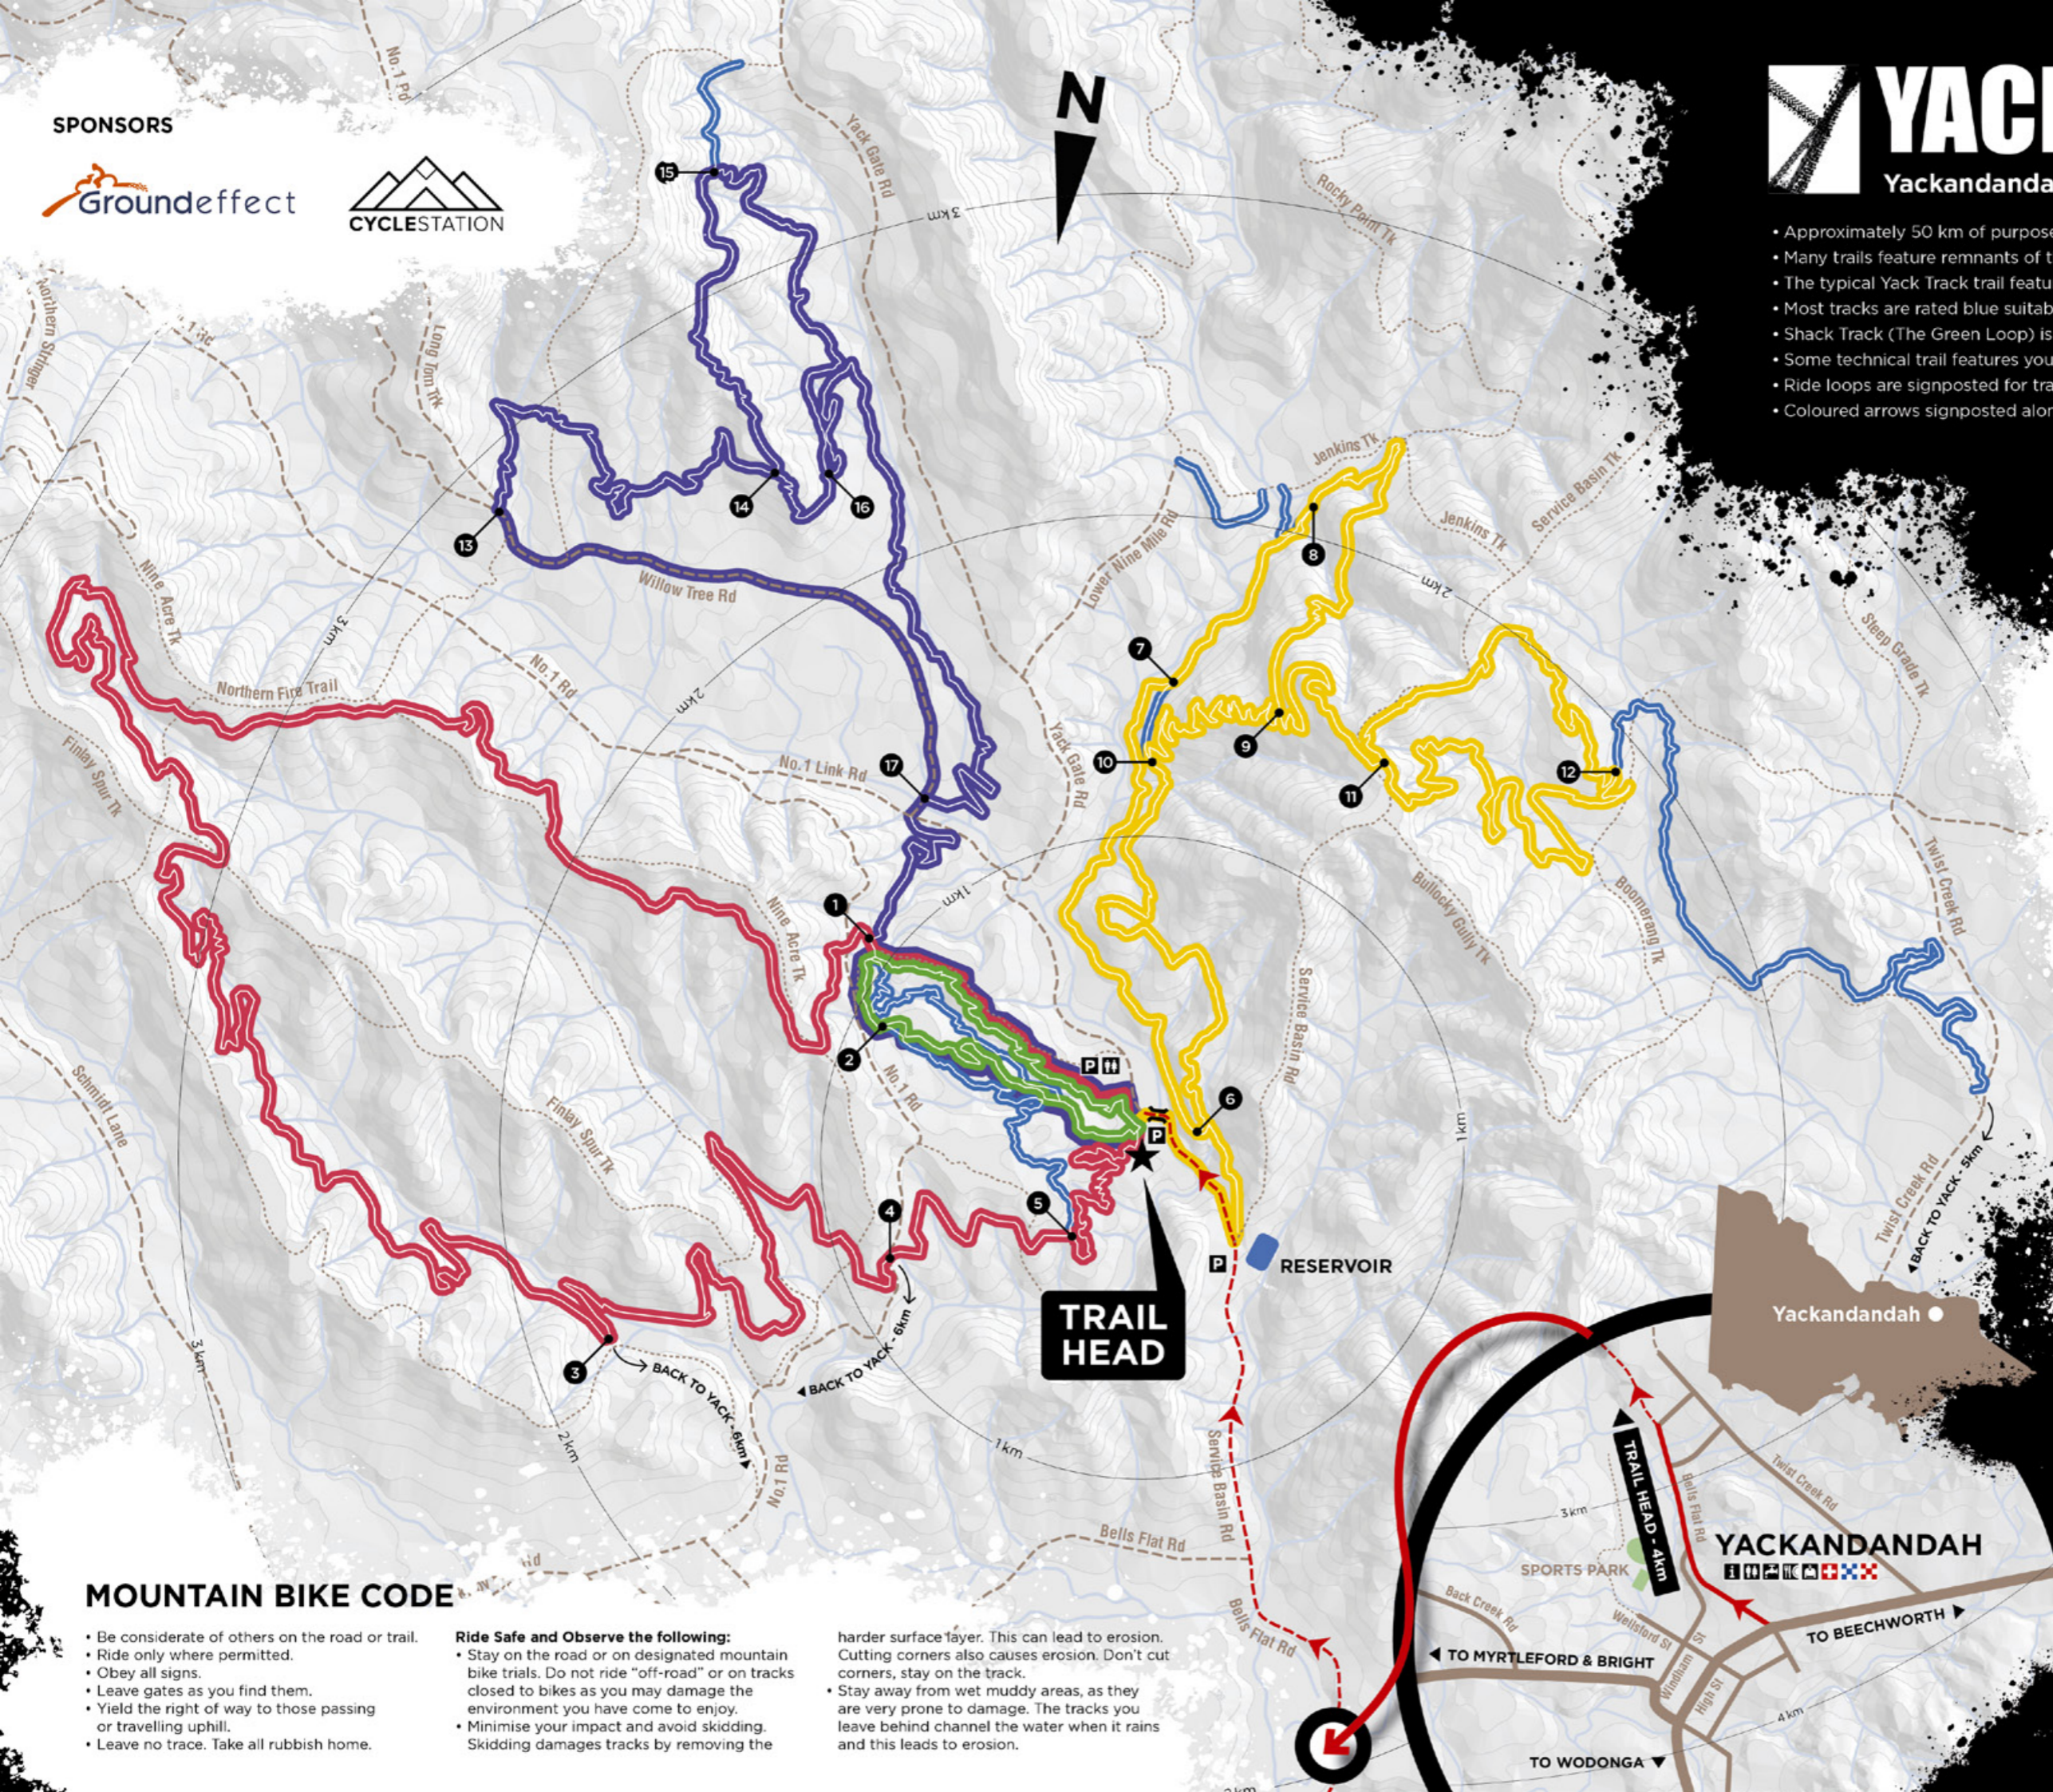

- Be considerate of others on the road or trail.
- Ride only where permitted.
- Obey all signs.
- Leave gates as you find them.
- Yield the right of way to those passing or travelling uphill.
- Leave no trace. Take all rubbish home.

Ride Safe and Observe the following:

- Stay on the road or on designated mountain bike trails. Do not ride "off-road" or on tracks closed to bikes as you may damage the environment you have come to enjoy.
- Minimise your impact and avoid skidding. Skidding damages tracks by removing the

harder surface layer. This can lead to erosion. Cutting corners also causes erosion. Don't cut corners, stay on the track.

- Stay away from wet muddy areas, as they are very prone to damage. The tracks you leave behind channel the water when it rains and this leads to erosion.
